Subject: Call for Papers Now Open

ESRI ELECTRIC & GAS GIS CONFERENCE 2015

BREAKING BARRIERS

October 5–8 | Providence, RI
Rhode Island Convention Center

Help Others Be Successful

Esri builds the software, but you do all the work to make sure GIS transforms how your utility operates. Share your story of how you're using ArcGIS today to meet modern business needs.

We're putting out the call for papers that demonstrate the power of GIS as a tool for breaking down barriers to better, more applicable information and operations at your organization. Are you using apps like Collector for ArcGIS? We want to know.

Submit your abstract for consideration today.
