Subject: Get More from Your Model

Esri Water Meetup 

What Your Skeletonized Model Needs

Are you getting enough value out of your model? Attend the informative and complimentary Esri webinar to find out more about skeletonized and all-pipes models.

Learn the history of the skeletonized model, reasons for its use as compared to the reason to use all-pipes models, and how you can use GIS to improve decision making in your design and operations activities.

This one-hour webinar is free but requires registration.
