Subject: Meet Network Needs in Real Time

You're One Hour from Better Network Management

Join Esri and Schneider Electric for a joint webinar, *Streamline Your HFC Design*. You'll learn how two technologies work together to give you instant access to data and advanced analytics, so you can share critical information fast -- to the boardroom, office, and field.

Streamline Your HFC Design covers best practices for

- Integrating all your systems, from OSS to business intelligence (BI).
- Sharing geospatial data quickly and securely.
- Identifying network vulnerabilities.
- Driving better decisions with analytics.

Registration is required for this sponsored webinar.
