Subject: National Grid to Keynote the 25th Conference

ESRI ELECTRIC & GAS GIS CONFERENCE 2015

BREAKING BARRIERS

October 5–8 | Providence, RI
Rhode Island Convention Center

Timothy Horan, President of RI Distribution National Grid, will launch the 25th Electric and Gas GIS Conference. Mr. Horan's keynote address will present how National Grid is using the ArcGIS platform to improve situational awareness and bring new perspectives during planning processes.

The plenary session will provide answers to utilities questions like

- How to integrate real-time system performance, GPS-enabled vehicle location and weather monitoring
- How to efficiently complete field inspections
- How to ensure the workforce is being communicated with effectively

Don't miss your chance to learn how your utility can provide its stakeholders with the best available information when, where and how they need it.
