Subject: Submit an Abstract for TechAdvantage 2016

Speak, Mingle, Grow

You are doing amazing work with GIS. You are solving today's latest operations, IT, and supply chain challenges, as well as other issues, by using the ArcGIS platform. Now is your opportunity to be recognized for your work and move the industry forward. Submit your abstract now for presentation in the Geospatial and Mobile Solutions track at TechAdvantage 2016 and join other co-op executives and GIS experts in New Orleans next February.

It all starts when you write a 600-character proposal about your great work. The deadline to submit is July 22.
